

Hi Jessica,

As per our discussion at the AHED meeting yesterday, I would like to confirm that there will be a HST information session taking place in North Bay on Thursday, February 25, 2010. Anna Iati from The Business Centre is organizing this event. They have not sent out any invitations yet; however she did indicate that it is open for all interested organizations. Once I receive official information flyer I will forward it on to the group.

So for now please let the AHED members know that, there is a Funders Forum/HST information Session scheduled on Thursday, February 25, 2010 at the Best Western in North Bay. They can mark their calendars for this event, and I will forward more information as it becomes available.

Thank you,

Chetna
